S&P Global
Commodity Insights

Introducing CSM+ | Enhanced commercial model, simplified offering—limitless insights

At S&P Global Commodity Insights, we understand the need for a comprehensive and connected view of the energy and commodity markets. That's why S&P Global Platts and IHS Markit ENR have joined forces to offer the most complete source of essential intelligence to elevate your decision-making. Our new customer-centric service model, CSM+, simplifies access to our information and provides the data, content, and tools you need in one enterprise-wide contract.

With our full strategic perspective on gas and power markets, including forecasts of supply and demand, market research, and interactive dashboards, you can evaluate short-term and long-term opportunities, model risk, and plan with confidence in both conventional and renewable industries.

Overview

Geographic coverage — North America, Latin America

Licensing — Enterprise-wide access

History — Price assessment history to 1985, Forecasts and outlooks to 2050
Forward curves extend up to 240 months

Content package options — Market Data, Market Insights, Risk Market Data

Market Data

Get industry benchmark price indices, underpinned by robust and transparent methodologies.

You get:

- Natural gas and power price indices
- Nuclear and coal price assessments
- Renewable natural gas prices
- Historical data

Market Insight

Get access to real-time updates, breaking news, analysis, forecasts, fundamental data, and tools.

You get:

- Real-time alerts
- Publications: Market reports and research
- Industry news and analysis
- Market commentary
- Market hears
- Analytical tools
- Fundamentals data
- Forecasts
- Maps and geospatial

Risk Market Data

Get editorially assessed and quantitatively derived forward curves data and visualization for key trading hubs.

You can:

- Calculate key risk metrics such as Mark-to-Market and Value-at-Risk
- Asset valuations and portfolio management
- Manage counterparty credit exposure and collateral requirements
- Validate internally derived curves
- Report the fair value of financial instruments

Data and distribution

Get the edge in today's global markets with our Essential Intelligence® delivered through the providers and platforms which suit you.

Markets covered:

Natural Gas

Power

Renewables

Coal

Markets Covered	Key Indices	Sector
Northeast	Algonquin city-gates	Natural Gas
Appalachia	Columbia gas	Natural Gas
Midcontinent	NGPL, Midcontinent	Natural Gas
Upper Midwest	Dawn, Ontario	Natural Gas
East Texas	NGPL, Texok zone	Natural Gas
Louisiana/Southeast	Henry Hub	Natural Gas
Rockies/Northwest	TCPL, Alberta, AECO-C	Natural Gas
Southwest	Waha	Natural Gas
Mexico Natural Gas Prices	El Encino	Natural Gas
Southeast Bilateral Indices	Into Southern	Power
West Bilateral Indices	Mid-C	Power
ISO Price Locations	PJM West Hub	Power
International Renewable Energy Certificates		Power
Renewable Capture Prices		Power
Renewable Generation Curtailments Solar and Wind		Power
Quarq Spreads		Power
Spark Spreads		Power
Uranium		Nuclear
Platts NEAT		Coal
Platts SEAT		Coal
FOB Kalimantan		Coal
CIF ARA		Coal
FOB US		Coal

Key service highlights

- Natural gas indices across more than 130 locations in North America with 125 active benchmarks.
- More than 40 daily power price indices in both on-peak and off-peak markets.
- News coverage of natural gas and power market companies, infrastructure, policies, and regulation, plus market fundamentals.
- Detailed short-term and long-term market outlook reports from U.S., Canada, and 9 regions in Latin America.
- 5-year monthly short-term and 30-year long-term for gas and power fundamentals and price forecast.
- Daily gas market fundamental balances in the North America short-term gas service with 14-day forecast.
- Real-time pipeline gas flows for 230 pipelines and 35,000 meters, notices, tariffs, and Index of Customer data in North America.

Key market insights

- **Platts Gas Daily:** detailed news and insights covering the North American natural gas markets.
- **Platts Megawatt Daily:** the North American power leading source of daily news and price information.
- **North America and Latin America Regional Integrated Energy Service:** insight, strategic analysis, data, and integrated energy outlooks up to 2050 for conventional power, gas, LNG and clean energy markets in North America and Latin America.
- **North America Natural Gas Analytics Service:** data and analysis for the North American natural gas markets.
- **North America Electric Power Analytics Service:** data and analysis for the North American electric power markets.
- **Short-term Natural Gas Service:** real-time market monitoring and short-term analysis for the North American natural gas markets.

How customers are using our data and insights

Natural gas trader:

- Assess natural gas supply and demand trends within a region or on a specific pipeline to determine the target price point to buy or sell gas.
- Settle natural gas contracts with confidence using the largest amount of benchmark indices in North America.

Strategic planner at an integrated oil and gas company:

Find opportunities for diversification by comparing outlooks and forecasts for different energy markets.

Renewable energy developer: Assess competitiveness in different markets by evaluating costs of renewable projects.

Private equity analyst: Determine the risk of an energy investment portfolio by benchmarking the performance of different options.

Why choose this service

- Make sense of the market with our detailed picture of current, historical and future gas and power landscapes, with access to experts.
- Intelligence how and when you want it with fully customizable interactive dashboards.
- Keep track of key events influencing the natural gas markets with daily news coverage.
- Take advantage of our robust, transparent, and proven index methodologies.
- Get natural gas indices powered by ICE data and the largest amount of reported transactions.
- Predict your next move using our day-ahead and real-time ISO prices.
- Comprehensive coverage of global coal markets; including supply, demand, trade by country, regional balances, stockpile estimates and pricing.
- Access to Platts Forward Curves, an independent commodity risk management service providing coverage of the North American Gas & Power commodities and derivatives markets.
