

LNG

Introducing CSM+ | Enhanced commercial model, simplified offering—limitless insights

At S&P Global Commodity Insights, we recognize the importance of having a comprehensive and connected view of the energy and commodity markets. That's why S&P Global Platts and IHS Markit ENR have joined forces to provide the most complete source of essential intelligence to enhance your decision-making. Our customer-centric service model, CSM+, simplifies access to information, offering the data, content, and tools in a single enterprise-wide contract.

The LNG offering provides a global and regional 360-view of the full value chain, including market information, price formation, long-term and short-term supply and demand outlooks, projects, contracts, trade flows, and dashboard visualizations.

Overview

Geographic coverage — Global

Licensing — Enterprise-wide access

History — Market forecasts to 2050
Forward Curves extend up to 240 months

Content package options — Market Data, Market Insights, Risk Market Data

Market Data

Get industry benchmark price assessments, underpinned by robust and transparent methodologies.

You get:

- Benchmark LNG price assessments
- Historical data

Market Insight

Get access to real-time updates, breaking news, analysis, forecasts, fundamental data, and tools.

You get:

- Real-time alerts
- Publications: Market reports and research
- Industry news and analysis
- Market commentary
- Market hears
- Analytical tools
- Fundamentals data
- Forecasts
- Maps and geospatial visualizations

Risk Market Data

Get editorially assessed and quantitatively derived forward curves data and visualization for key trading hubs.

You can:

- Validate internally derived curves
- Mark-to-market your portfolio to determine profit and loss
- Calculate key risk metrics such as Value-at-Risk
- Report the fair value of financial instruments
- Manage counterparty credit exposure and collateral requirements

Data and distribution

Get the edge in today's global markets with our Essential Intelligence® delivered through the providers and platforms which suit you.

Markets covered:

Location	Assessment
APAC	JKM™
Europe	Northwest Europe Marker (NWE)
Europe	Mediterranean Marker (MED)
Middle East	Middle East Marker (MEM)
West India	West India Marker (WIM)
North America	Gulf Coast Marker (GCM)
South America	DES Brazil
APAC	Carbon Accounted LNG
Global	Marine Fuel LNG Bunker

Key service highlights

- Over 80 gas market experts across Asia, Europe, Middle East, and North and South America.
- Integrated analysis with power and other commodities.
- 5 key LNG benchmarks including JKM™—the world-leading global LNG price benchmark.
- **Access daily LNG spot market assessments:** delivered ex-ship prices for Northwest (NWE) and Mediterranean (MED), West India and the Middle East, and free on-board assessments for the U.S. Gulf Coast (GCM) and East Atlantic as well as other regional assessments.
- **LNG carrier day rates:** Time-Charter Rates (TCR), global LNG freight route costs, LNG Bunker assessments, alternative fuels, and cargo data.
- LNG, Platts JKM™, and North America (FOB USGC) trading hubs extending over 48 forward months.

Key market insights

- **Full LNG value chain coverage:** Supply, demand and price outlooks and forecasts for the LNG market from same-day out to 2050, as well as detailed information on LNG assets, contracts, tenders, liquefaction projects, and real-time cargo data. Combines regional and global market analysis with news, data and a range of analytical tools, including API feeds.
- **Interactive analytics dashboard:** Our interactive LNG Analytics platform that allows you to fully customize your analysis. Information is visualized through graphs, maps, and tables and allows for quick comparatives and benchmarking analysis using historical and forward-looking data.
- **Platts LNG daily:** equips market participants with a daily summary of pricing data, market-moving news, and the latest analysis of supply and demand fundamentals.

How customers are using our data and insights

Traders: Validate price benchmarks and short-term fundamentals to determine trading position, evaluate potential trades, and spot market opportunities.

Strategy, investment, and planning: Position long-term outlooks, develop capacity investment strategies, and fortify recommendations to C-Suite executives.

C-Suite: Deliver commercial outcomes, understand emerging trends, assess competitive advantage, and support conversations with investors.

Why choose this service

- Get daily physical and derivatives price assessments for key global and regional LNG markets.
- Stay up-to-date with real-time news and analysis of key price and market fundamental developments.
- Keep track of short-term and long-term price forecasts.
- Use our comprehensive S&D balance analysis including outages, tenders, contracts, and best-in-class cargo tracking.
- Make better business decisions with our impartial, reliable assessments and insights derived from our transparent and consistent methodology.
- Save time with our intuitive platform and data deliveries. Analyze data, real-time insights, research, and reports easily.
- Access to Platts Forward Curves, an independent commodity risk management service providing coverage of the LNG commodity and derivatives markets.
