

Non-Ferrous Metals

S&P Global
Commodity Insights

Introducing CSM+ | Enhanced commercial model, simplified offering—limitless insights

Increasing complexities surrounding energy transition and market integration are placing extraordinary emphasis on decision making. To help you navigate the unprecedented turbulence impacting the non-ferrous metals industry, S&P Global Commodity Insights Non-ferrous Metals Service provides a uniquely comprehensive view, ranging from specialist alloying metals to vast interconnected global markets like aluminum.

We believe our integrated source of non-ferrous metals intelligence is the most complete picture of the markets available, providing richer perspectives and alternative views on the intricate relationships shaping both established and emerging producers. We also believe close collaboration and simplifying how you access our information will unlock limitless insights for your organization.

To this end we are announcing CSM+, a ground-breaking enterprise model that harnesses our existing peer-consistent methodology to provide all the data, content, and tools you value in one enterprise-wide contract.

Overview

Geographic coverage — Global

Licensing — Enterprise-wide access

Market Data — full pricing history

Market Insights — up to 45 days
downloadable history

Content package options — Market Data, Market Insights

Market Data

Industry benchmark price assessments, underpinned by robust and transparent methodologies.

You get:

- Aluminum, low-carbon aluminum, and alumina price assessments
- Battery metals and recycled prices
- Copper price assessments
- Alloys and various non-ferrous metals prices
- Historical data

Market Insight

Access to real-time updates, breaking news, analysis, forecasts, fundamental data, and tools.

You get:

- Real-time alerts
- Publications: Market reports and research
- Industry news and analysis
- Analytical tools
- Fundamentals data
- Forecasts
- Maps and geospatial
- Market commentary
- Market hears

Data and distribution

Get the edge in today's global markets with our Essential Intelligence® delivered through the providers and platforms which suit you.

API solutions

Markets covered:

- Aluminum and Alumina
- Battery metal
- Molybdenum

Location	Platts Benchmarks and Assessments	Sector
Americas	Platts U.S. Midwest Aluminum Premium	Aluminium
	Platts Aluminium A380 Alloy Futures	Aluminium
	Low-carbon Aluminum	Aluminium
Asia	Platts Japan Aluminum Premium	Aluminium
	Platts FOB Australia Alumina	Alumina
	Lithium: Hydroxide, Carbonate, Spodumene	Battery metals
	Cobalt: Hydroxide, Sulfate	Battery metals
	Nickel Sulfate	Battery metals
	Manganese Sulfate	Battery metals
Europe	Cobalt	Battery metals
	Black Mass Nickel-Cobalt	Battery metals
China	Black Mass Nickel-Cobalt and LFP	Battery metals
Global	Platts Global Molybdenum Oxide	Molybdenum

Key service highlights

- Daily metals price movements, across all regions.
- Weekly global supply and demand outlooks.
- Monthly metal price averages.
- Daily and historical spot and contract prices for Aluminum, Copper, Molybdenum and other base, light and precious metals.
- The world's first daily alumina price assessment: Platts Alumina Index (PAX).
- Full suite of battery metals prices—lithium, nickel, cobalt, and manganese—and the factors driving the global market.

Almost 2,000 non-ferrous metals prices:

- Platts Aluminum Transaction Premium benchmarks for the U.S. and Japan.
- Major metals, including aluminum and copper and all other base metals.
- Light metals, including magnesium and titanium.
- Minor metals, including mercury and indium.
- Precious metals, including gold, silver, and platinum.
- Third-party non-ferrous metals.

Key market insights

- **Platts Metals Daily Non-Ferrous:** daily global news, data, insights, and expert analysis. Analyze the markets with daily benchmark price assessments, including the U.S. Aluminum Transaction and the U.S. A380 Secondary Aluminum Alloy.
- **Platts Market Data Metals Non-Ferrous:** instant access to the latest global price assessments, geographic arbitrage opportunities, historical data, and analysis of the fundamentals impacting price.
- **Platts Metals Alerts Non-Ferrous:** real-time news, bids, offers, and trades as well as end-of-day prices for today's metals markets.

How customers are using our data and insights

- **Traders:** Trade at price levels that are in sync with other market participants with the latest global price assessments. Gain new insights and identifying diverse trading patterns, pricing trends, and characteristics by using forward curves analysis. Develop robust pricing and business strategies using daily and historical spot and contract price assessments.
- **Analysts:** Simplify and protect your data analysis and modeling processes by using our Non-Ferrous Metals data to inform your proprietary financial models.
- **Risk Managers:** Write contracts and negotiate transactions by understanding price drivers and fluctuation. Minimize exposure to risk by monitoring historical trends and identifying future trading patterns.

Why choose this service

You'll be able to:

- Stay on top of market developments, including regulation and quotas, and focus on increasing margins and negotiating profitable deals.
- Strengthen your negotiations, manage risk with confidence, and capitalize on market fluctuations throughout the aluminum, copper, molybdenum, and other non-ferrous metals value chains.
- Create your own business context and develop more robust strategies with supply and demand forecasts for the non-ferrous metals market.
